Motorcycle & Moped

Bandy Motorcycle Training 319-626-2014

Motorcycle Instruction & Licensing:

Basic Rider Course: For those who want to safely and legally operate a motorcycle on public streets. A motorcycle license is available at age 16 providing the student has successfully completed a state approved driver education and motorcycle education course (if under the age of 18). Parental consent is required for those under 18. Most classes will be limited to 6 riders. Motorcycles are provided, usually 250cc or less. No prior experience is necessary; students are expected to be able to ride a bicycle. Students may use their own motorcycle or scooter for this course providing it is no larger than 500cc, complies with Iowa Safety Standards, and the student has evidence of insurance.

Experienced Rider Course: This course is for those who already have experience riding motorcycles and wish to review or update their riding skills. A certificate for a motorcycle license may be available upon successful completion of this 6 - 7 hour course. Some birthdates may be tested by IDOT. Riders may use their own motorcycle or scooter providing they comply with Iowa Safety Standards and have proof of insurance.

Dirt Bike Classes are approximately 6-8 hours long. It is an excellent and fun way to learn how to ride a motorcycle (dirt bike) in the dirt. The motorcycles that are used for instruction range from 225cc to 80cc. Students may use their own dirt bike providing it fits the student and is safe to ride. Adult classes (16 yrs +) are limited to 8 riders. Classes for family & younger riders may be available. Please call for details **HELMET, EYE PROTECTION, LONG SLEEVE SHIRT, GLOVES, LONG PANTS & OVER THE ANKLE BOOTS ARE REQUIRED AND MANDATORY FOR ALL BRC, ERC, & DIRT BIKE CLASSES.**

Moped Classes are for those who want to safely and legally operate a moped on public streets. An instruction permit and completion of a 6 hour moped safety course is necessary for anyone under 16 yrs or without any other type of valid license. No riding is required but may be arranged with parental consent. Adults with a valid intermediate license (available at age 16 after driver education) or full license may legally operate a MOPED on public streets. It must be a moped with a safety flag and not a scooter.

COURSE OBJECTIVES:

The course will provide opportunities and encouragement for students to always do their best. A primary objective is to develop safe, competent, courteous, law abiding, happy, informed and responsible drivers/riders. This course goes beyond the basic skills needed to get a license. Emphasis is placed upon the driver's/ rider's abilities, the vehicle, having constant control, making good decisions and continual regulation of space and speed. The interaction and application between the driver/ rider, vehicle, and the driving environment will be constantly practiced, tested and reviewed.
